

OZZ WR2

The OZZ WR2 is engineered to deliver exceptional visibility and enhanced safety. Features a powerful flood beam with an impressive actual output of 2200 lumens and a 1 lux reach of 95 meters, ensuring safer operation in demanding conditions. A red tail position light adds a striking visual element. Built with a durable aluminum chassis and a tough polycarbonate lens, the light bar is designed to perform reliably in any weather. Its IP68/69K-rated protection ensures resistance to both dust and water. Backed by a three-year warranty, the OZZ WR2 combines high-quality construction with advanced functionality, making it an ideal choice for private users, professional drivers, and off-road enthusiasts alike.
